Comments...for example: max. number of miles per day, max elevation gain per day, etc _____

New application procedures for Summer season - 2004 - Applications may be submitted starting April 1, 2004. Glacier National Park staff will begin filling application requests on April 15, 2004. All applications received between April 1 and April 15 will be sorted randomly before processing begins. Applications received after April 15 will be processed in the order they are received. Read the entire Backcountry Camping Guide prior to submitting your request. The address to send the application to is on page 7.

A few more things!

Trip Leader Name

Using the map, highlight your route with a dark colored marker. Backcountry permit staff will use it to help identify your planned itinerary and your entry and exit point.

Please be patient!

Because of the volume of mail and faxes we receive, you should not expect to hear back from us for at least 2-4 weeks. We will try to contact you via standard mail or email (if provided) to confirm your trip request.

Due to staffing limitations, we cannot provide information regarding your application online, or over the phone. Thank you for your consideration.

Additional Information

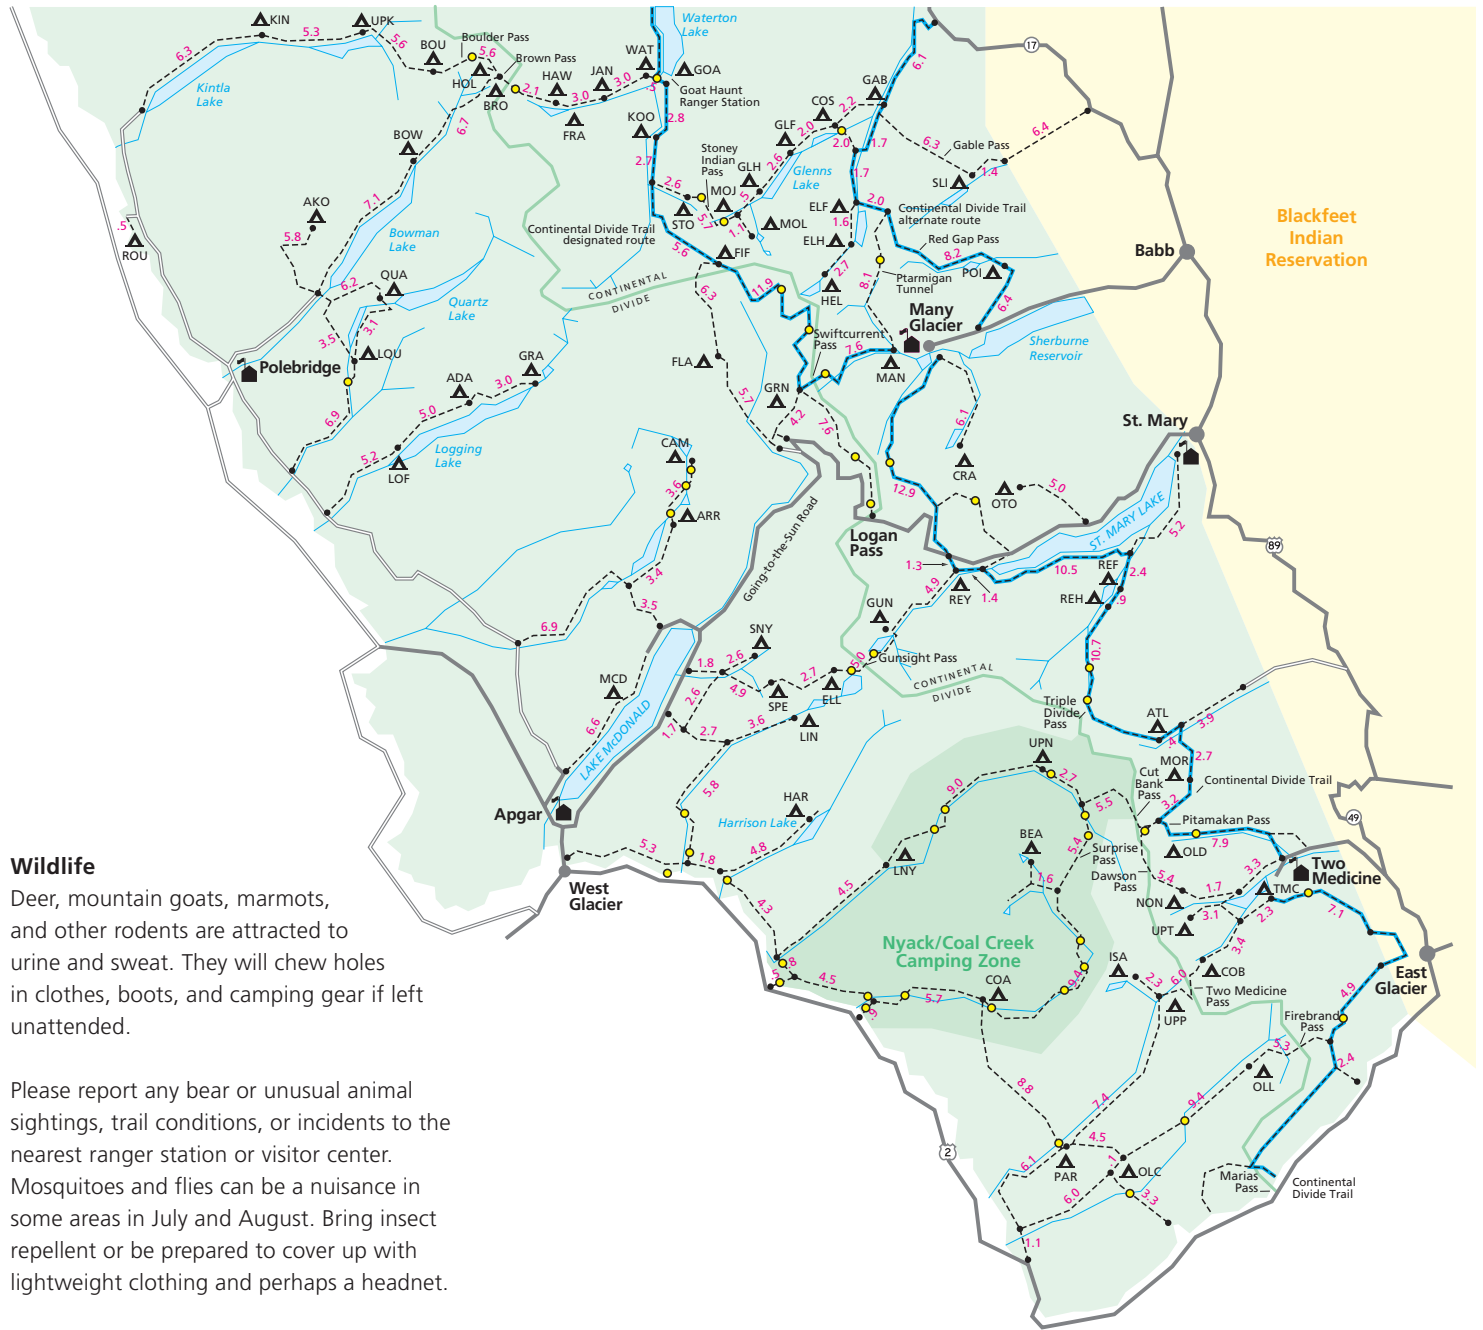

Bear-Resistant Food Containers

Bear-resistant food containers are available at most permit issuing stations for undesignated camping parties to check out, free of charge. These high impact resistant cylinders offer an excellent option for proper food storage, and are required in areas where options for proper food hanging are limited (near or above treeline, on mountain peaks, etc.).

Preserving the Backcountry

If you find litter in the backcountry, please pack it out. If you cannot pack it out, please notify park rangers where it is.

It is illegal to collect any natural or cultural resources, please leave all natural objects and cultural artifacts where you find them.

Wildlife

Deer, mountain goats, marmots, and other rodents are attracted to urine and sweat. They will chew holes in clothes, boots, and camping gear if left unattended.

Please report any bear or unusual animal sightings, trail conditions, or incidents to the nearest ranger station or visitor center. Mosquitoes and flies can be a nuisance in some areas in July and August. Bring insect repellent or be prepared to cover up with lightweight clothing and perhaps a headnet.

Thank you for helping to protect Glacier's backcountry and your National Park.
